General & Revenue Secretariat. | File No. 43 of 1934 | [App. F. III–2

Serial No.

Hajj N

2/10 Kind reference is invited to the letter from the Govt of India (no 35 dated 4.5.1937), wherein information has been asked on two points, viz

1) whether the above bridge was subject to any load test on completion & if so with what results.

2) furnishing a certificate to the effect that the work has been satisfactorily completed.

2/11 It is doubtful if the report on P.W.D. would satisfy the above requirements, although it answers the first point.

2/12 If approved, the Chief Engr will be requested to send up the certificate (Part 2) quickly for transmission to the Govt of India.

2/13 Attending to the letter from Govt of India Department of Industries etc. dated 4th May 1937 a certificate to the effect that the work has been satisfactorily completed seems necessary, and Chief Engineer will be requested to send up the certificate early.

Secy. Hajj).

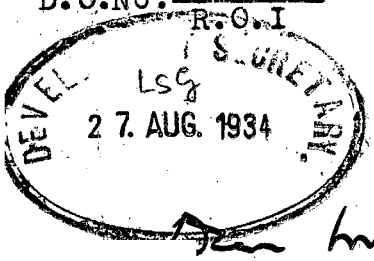
D.O.No. F.444/34
R.O.I



Dear Mr. Venkatanaranappa.

I am desired to refer to the correspondence resting with my official letter No.5072/R.O.I/34, dated the 21st July 1934, regarding a special grant from the reserve in the road account for the construction of a bridge over the Kabbini river, and to say that the Government of India would be glad to know when the Government of Mysore will raise a debit against the reserve in respect of the contribution made by the Government of India. They would like adjustments to be made as early as possible.

Yours sincerely

M. Venkatanaranappa, Esq., B.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Department.

Letter No.3188/139-27 dated 25th April 1933 from the Secretary to the Hon'ble the Resident in Mysore, Bangalore to the Secretary to the Government of Mysore, General Department.

Subject :- Special grants from the Reserve with the Government of India in the Road Development Account.

I am directed to refer to your letter No.Pol.689/L.B.104-30-4 dated the 12th January,1931, and to forward for information a copy of letter No.C.29, dated the 26th January 1933, from the Government of India, Department of Industries and Labour, with enclosure, setting out inter alia the procedure to be adopted in application for grants from the reserve with the Government of India in the Road Development Account.

Letter No.C.29, dated the 26th January 1933, from the Secretary to the Government of India, Department of Industries and Labour, Public Works Branch, to the Hon'ble the Resident in Mysore.

In connection with the payment to States of grants from the Government of India's reserve in the road development account, various objections have been taken to the procedure which the Government of India in the first instance proposed and to the conditions which in certain cases they have already attached to those offers. The Government of India have therefore had under consideration the question of the conditions subject to which these grants shall, with retrospective effect to those already offered, be offered and paid. In the first instance, there appears to be some misunderstanding as to the nature of the road development account and of the reserve at the disposal of the Government of India therein and it is necessary that the situation should be clearly understood.

2. The position is this: Ordinary shares in the road development account, that is to say the shares, calculated on the

basis

basis of petrol consumption, of 90 per cent of the proceeds of the additional tax on petrol, are allotted to the province or State concerned and are subject, in the case of British India, to the restriction that they may not be expended except upon schemes to be approved by the Government of India. From the States the Government of India ask that they shall indicate generally the objects to which these shares will be applied.

3. The reserve with the Government of India, however, is on a totally different footing. It is a deduction of 10 per cent from the proceeds of this tax which is levied throughout India and has been placed at their disposal for special purposes, such as the construction of roads or bridges of more than local importance. Thus in the case of the ordinary shares, the money after distribution is merged in the revenues of the province or State as the case may be. The reserve, however, is intended for such specific objects as may be approved by the Government of India as having some all-India significance and the authority to whom the grant is made and through whom the expenditure will be incurred is a secondary consideration. In these circumstances the Government of India are unable to distinguish in principle between the measure of their responsibility in respect of expenditure from the reserve by provincial Governments and by States respectively.

4. All expenditure by local Governments is subject to Audit under the control of the Auditor General in India. On the technical side detailed estimates are submitted to the Government of India when called for and there is close co-operation between the provincial Public Works Department and the Road Engineer with the Government of India; and in the case of local Governments these two factors together satisfy the requirements of the case. In the case of States, however, the Government of India do not desire to impose any conditions beyond those which are, they believe, the minimum compatible with the proper discharge of their responsibility. They

would not, for instance, desire to institute anything in the nature of audit; nor would they press for formal submission of projects. Nevertheless, while giving full weight to the special circumstances involved, they feel that they would not be justified in divesting themselves of all responsibility in respect of these grants and they have therefore approved of the procedure set out in the attached memorandum as substantially discharging their liability on the one hand without, on the other, in any way infringing, the position of the States.

5. It will be seen that the conditions set out in this memorandum prescribe informal consultation with an officer authorised by the Government of India; in respect of plans and estimates for and the expenditure upon, any work to which the Government of India may contribute from their reserve. The object of these conditions is this: The Government of India must be reasonably satisfied that any grant they make is properly applied in the prescribed proportion to the execution of approved work up to a reasonable standard. It would clearly be absurd for them to contribute towards the cost of building high level bridges on one part of a through road in the place of existing causeways when on some other section of the same road there were no bridges or causeways whatever in existence. It would also be clearly out of the question for them to make grants to States in advance and to leave it to the States concerned to carry out the work in due course. It would also be a neglect of their responsibility if they contributed towards the cost of some badly designed or improperly constructed bridge which shortly afterwards collapsed. In the conditions which they propose therefore the underlying intention is that the Road Engineer with the Government of India or some other officer authorised in this behalf should first satisfy himself not only as to the reasonableness of the proposals having regard to the standards on connected roads but also as to the approximate correctness of the estimate, which must, in the place of audit of expenditure, be the basis for the payment of the grant. Payment would normally be made on satisfactory

completion

compotion at the stated percentage of the amount certified by the Darbar to have been spent subject to the prescribed maximum; and payment " on account" during the progress of the work will be made by arrangement. In effect satisfactory completion will

tion to the satisfaction of some officer authorised by Government in this behalf and payment " on account" by arrangement will in effect mean payment on the authority of that officer.

6. In all cases where grants have been offered on conditions some what differing from these now outlined, a fresh reference is being made repeating the offer of the grant on the revised terms and conditions and I am to ask that, in the event of any question arising in future in connection with these grants, you will explain the position to the Darbar concerned and make it quite clear that the Government of India are not prepared to consider any further modification of these xxxxxxxx conditions.

Procedure to be followed in the sanctioning and payment of grants to States from the Government of India's reserve in the road development account.

1.. The procedure divides itself into three stages, as follows:-

(a) Applications from the States for grants; and intimation by the Government of India of intention to contribute from their reserve wholly or in part, as may be indicated in respect of any specific project and subject to the conditions stated.

(b) Informal concurrence in the details of the project by an officer authorised by the Government of India in this behalf.

(c) Execution of the work and payment of Government contribution thereon.

2. The conditions referred to in paragraph 1(a) above will be as follows :-

(i) The Darbar will undertake to complete the work within a time to be agreed upon.

(ii) The detailed plans and estimates for the work will be of such a standard as is considered suitable.

(iii) The share to be met from the Government of India's reserve in the road development account will be paid on the satisfactory completion of the project. Should the Darbar so desire payments " on account" during progress of the work may be made by arrangement with the Government of India. The Road Engineer with the Government of India. or such other officer as may be authorised in this behalf, shall be afforded access to the work as occasion arises.

3. Applications for grants from the reserve have generally been received. Further applications are not invited at this stage. The Government of India have intimated or will shortly intimate to the Political Officer concerned the cases in which they are prepared to offer a grant and the amount which they are prepared to offer.

4. The Road Engineer with the Government of India. or such other officer as may be authorised in this behalf. will satisfy himself by informal discussion with the officers of the Darbar that the scheme is true to the required standard, having regard to the needs of uniformity in through communications and to standards appertaining in the neighbouring sections.

5. The Government of India will formally intimate that the necessary provision has been set aside in their reserve and that the work may be commenced.

6. Payments " on account" may from time to time be arranged on application to the Government of India.

7. Final payment of the agreed share will be made upon satisfactory completion.

Letter No. 3529/273-1931 dated 13th May 1934 from the Secretary to the Hon'ble the Resident in Mysore.

S u b j e c t.

Special grant from the reserve with the Government of India in the road account for the construction of a bridge over the Kabbini river in M y s o r e.

I am directed to refer to your letter No.Pol.670/L.13104-30-7, dated the 30th December 1933, and to say that the Govern. General in Council has been pleased to sanction a grant from the reserve in the road account of Rs.1.75 lakhs or half of the cost of construction of the bridge, whichever is less.

2. I am to say that the grant will be subject to the conditions laid down in letter No.C 29, dated the 20th January 1933, from the Government of India Department of Industries and Labour, and that the procedure will be in accordance with the memorandum accompanying that letter a copy of which, with enclosure was forwarded to you with Major Kirkbride's letter No.3188, dated the 25th April 1933.

Subject.

Estimate of the probable debit on the Reserve in the Road Account during the Financial years 1934-35 & 1935-36.

With reference to your letter No.5072/444 R.O.I/34 dated 21st July 1934 and your D.O. letter No.F.444/R.O.I dated 27th August 1934, I am directed to state that the construction of the bridge across the Kabini River near T.Narsipur has already commenced and the work is proceeding briskly.

According to the preliminary accounts, the expenditure incurred on the work to end of March 1934 and between 1st April and 30th June 1934 was Rs.29,466 and Rs.44,242 respectively. It is estimated that the expenditure between 1st July 1934 and 31st March 1935 will be Rs.1,72,000 and the balance or Rs.99,292 will be spent between 1st April 1935 and 1st October or the same year.

His Highness's Government will be glad if arrangements can be made to pay the contribution from the Road Fund as and when the expenditure is incurred. If there is no objection, the Comptroller will be requested to credit half of the booked outlay every month to His Majesty's Jamakarch Account on hearing from you. Or in the alternative, a bill for half the actual expenditure incurred will be sent month by month to you for arranging payment to us.

I am to add that information in regard to the actual expenditure on the work for the first six and nine months respectively, with a forecast of expenditure for the remaining three months in each financial year, will be furnished in due course, as desired in para 2 of your first letter under reply.

dated 5th December 1934.

Letter No.F.444-34/ R.O.I/from the Secretary to the Hon'ble Secretary to the Hon'ble the Resident in Mysore to the Secretary to the Government of His Highness the Maharaja of Mysore, Development Department.

Subject :- Grant from the Reserve in the Road Account for a bridge over the Kabbini river.

I am directed to refer to the correspondence ending with your letter No.Pol.543/L.B.43-34-5, dated the 21st/22nd November 1934, and to say that grants for works financed from the Reserve in the Road Account are as a rule made in arrears on the satisfactory completion of the work. The Government of India would, however, be prepared to make " on account" payments to the Mysore Government in respect of the Kabbini bridge on the presentation of statements of actual expenditure incurred; but they would prefer to make such payments every quarter, instead of every month. I am to suggest, therefore, that if there is no objection, the Government of Mysore might furnish to this Residency quarterly statements of actual expenditure incurred on the bridge. On receipt of these statements, the Government of India will authorise the payment of half the amount, to be adjusted against the contribution of Rs.1.73 lakhs sanctioned for the work- Vide letter from this Residency No.3529/273-31, dated the 13th May 1934.

No. WAD.III.486.

Bangalore, dated 4th January *1934.*

Encls-4

0078

From

A. N. RAGHAVACHAR, Esq., M.A.,
Comptroller to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

To

2634

M.Venkatanarnappa Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

Sir,

With reference to your letter No.L.4376/LB.43-34-7 dated the 25th Ultimo requesting this office to forward every quarter, statement of actual expenditure incurred on the above bridge, so as to enable the necessary reference being made to the Residency for recovery of the contribution due to Government, I have the honour to state that the Chief Engineer has been asked to forward immediately the statement of expenditure for the quarter ending 31st December 1934. In the meantime I have herewith sent in triplicate the statements of expenditure for the quarters which have already expired for necessary action being taken in the matter.

2. In this connection, I beg to invite your kind reference to Public Works Secretary's letter No.362/S dated the 18th August 1933 copy of which is enclosed for reference and to state that the expenditure incurred on the work has been debited to objection Book advances as directed in para 2 of the above letter as there was no provision in the current year's budget under 'State Funds'. The District Board has not paid any amount towards the expenditure hitherto incurred as already reported in my letter No.111/WAD.III dated 16th August 1934.

I have the honor to be,
Sir,
Your most obedient servant,

A. N. Raghavachar
Comptroller.

Letter No.362/S dated 18th August 1933 from the Secretary to the Government of Mysore, Public Works Department, Bangalore to the Superintending Engineer, Mysore Circle, Mysore.

Subject.- Construction of a bridge across the river Kabini at T.Narsipur.

I am directed to return herewith duly sanctioned by Government for Rs.3.45.000. the estimate for the above work modified according to the accepted tender rates. received with your letter No.B.2332 dated the 12th May 1933, the cost being shared equally by the District Board of Mysore and the Government.

2. As no provision is made for the work in the current year's Budget under 'State Fund' the expenditure has to be met from the quota payable by the District Board.

No.363/S Dated Bangalore the 18th August 1933.

Copy of the foregoing is forwarded with compliments to the Comptroller of Mysore (through the Financial Secretary to Governme with file of two spare copies), for information.

Subject: Final adjustment of the accounts of the Kabini bridge at T.Narasipur.

Sir,

With reference to letter No.WAD.3. 188 dated 10th September 1936, from the Comptroller of Mysore to your address, I have the honour to forward herewith, a copy of letter No.429 dated 12-9-1936 from the Executive Engineer, Mysore Division, reporting on the above subject.

2. It is also reported by the Superintending Engineer, Mysore Circle, that the work including the formation of the right approach road, which forms part of the bridge work proper, is expected to be completed in all respects by the end of December 1936 and that the final accounts will be arranged to be furnished by the 1st week of January 1937.

I have the honour to be
Sir,
Your most obedient servant,

for Chief Engineer of Mysore.

TSRN.

Letter No.429 dated 12-9-36 from the Executive Engineer, Mysore Division, to the Superintending Engineer, Mysore Circle.

Constructing a bridge across the Kabbini River at T. Narasipur.

With reference to your letter No.3164 dated 10-9-1936 forwarding copy of letter No.2117 dated 3-9-1936 from the Chief Engineer of Mysore, together with the enclosures connected with it and calling for the information as to when the final adjustment towards the balances payable by the Government of India can be made etc., I have the honour to state that the bridge work has been completed for all practical purposes with the exception of the newly proposed right approach road. The modified estimate amounting to Rs.3,32,000 submitted for sanction includes the estimated cost of Rs.20,000 for the right approach road. Even according to this modified estimate there will be still a savings of Rs.13,000 unless other necessary works closely connected with the bridge as improvement of existing approach road, etc., are ordered to be carried out.

The expenditure incurred so far is Rs.2,84,770 and the amount of the final claims payable to the contractor will be about Rs.15,000 for works so far done. In these circumstances the final adjustments will have to be made after completion of the work of right approach road and after receipt of orders whether any further works are to be taken up to cover up the savings.

The work of the right approach road is expected to be completed by the end of December 1936.

" Copy "

For Chief Engineer of Mysore.

TSRN.

12th October

Venkatanarenappa, Esq., B.A.,

Development Department.

The Secretary to the Hon'ble the Resident in Mysore.

With reference to para 2 of your letter No. F. 745-36/A.O.I dated 25th June 1936 stating that the Government of India have asked that the final adjustment in regard to the payment by them of their share of the cost towards the construction of the bridge across the Kabbini at T. Narsipur may be expedited, I am directed to state that the work is expected to be completed in all respects by the end of December 1936 and that the final accounts will be furnished as early as possible thereafter.

I have the honour to be,
Sir,
Your most obedient servant,

(Signed) M. Venkatanarenappa.

Secretary to Government,
Development Department.

Copy to Comptroller for information and necessary action.

Memo No. L 2956-7 Bangalore, 12th October 1936.

Copy of the above is forwarded with compliments to the Chief Engineer with reference to his letter No. 3140 dated 3rd October 1936 with the request that the final accounts may be submitted by the 1st week of January 1937 without fail for submission to the Government of India.

By Order,

for Secretary to Government,
Development Department.

Secretary to Government, P.W. Department
Bangalore.

SIR,

re. Constructing a Bridge across the Kabini River at T. Narsipur

I have the honor to state that it was reported in Chief Engineer's letter No.3140 dated 3-10-36 to the Secretary to Government, Development Department that the above work would be completed by the end of December 1936 and that the accounts of the workwwould be completed by about the 1st week of January 1937.

It is now seen from the copy of Superintending Engineer's letter No.1209 dated 10-11-36 to the Chief Engineer received with Executive Engineer's Memo No.281 dated 19-12-36 that detailed estimate for a -- Lumpsum provision of Rs 27,700/- in the modified estimate have been -- submitted for sanction and that approval has been conveyed to carry out the work by piece work system in anticipation of sanction to the - -- Estimate and appropriation.

No expenditure has however been incurred against this during the month of November 1936 and as such it is doubtful whether the project would be completed and work accounts closed by the middle of January '37 as already promised.

In these circumstances I request you to kindly apprise Government of the apprehended delay in the closing of the accounts of the work for being intimated to the Residency.

I have the honor to be,
Sir,
Your most obedient servant,
Sd/- A. N. Raghavachar

L. & B. BRANCH

Dear Sir,

With reference to correspondence ending with your D.O.letter No.L.6899 dated 23rd March 1937, I write to inform you that the Executive Engineer. Mysore Division, has forwarded the final statement of expenditure in connection with the construction of the Kabini bridge near T. Narasipur to the Comptroller of Mysore, with his letter No. 424 dated 22nd March 1937.

2. A copy of his letter No.424 dated 22nd March 1937 together with a copy of the statement therein referred to is enclosed for information.

3. The Comptroller of Mysore has also been

Letter No.424 dated the 22nd March 1937, from the Executive Engineer, Mysore Division, Mysore, to the Comptroller of Mysore.

Final statement of expenditure for constructing a bridge across the Kabini river at T.Narasipur.

With reference to your ~~ 324/WAD.3 dated 19th March 1937, regarding the final statement of expenditure for constructing a bridge across the river Kabini near T.Narasipur, I have the honour to submit herewith the final statement of expenditure on the above for kind information.

The discrepancy regarding the amount of estimate pointed out in para 2 of your letter quoted above has been set right allocating the modified estimate, provisions in respect of sub works detailed. The outlay stands at Rs.3,31,797-14-4.

Instructions sought for in this office No.410 dated 16th March 1937 regarding the adjustment of compensation charges of Rs.2,000/- ordered in Public Works Secretary's No.2000/S dated 4th March 1937 in the works accounts may kindly be intimated.

Dated Bangalore,

GRANT FROM THE RESERVE IN THE ROAD FUND FOR THE CONSTRUCTION OF A BRIDGE ACROSS THE KABBINI RIVER IN MYSORE.

SIR,

With reference to your letter No. Pol.1236, dated the 27th March 1937, I am directed to forward a copy of letter from the Government of India, Department of Industries and Labour, Public Works Branch, No.C.35, dated the 4th May 1937, and to request that if there be no objection, the certificate asked for may kindly be furnished to this Residency for transmission to the Government of India.

2. In this connection a reference is invited to letter from this Residency No.3188, dated the 25th April 1933.

I have the honour to be.

Sir,

Your most obedient servant,

for SECRETARY TO THE RESIDENT

Letter from the Government of India, Department of Industries and Labour, Public Works Branch, No.C35, dated the 4th May 1937.

Grant from the Reserve in the Road Fund for the construction of a bridge across the Kabbini river in Mysore.

With reference to your letter No.F.745-36/R.O.II, dated th 8th April 1937, I am directed to invite attention to paragraph 5 of this Department's circular letter No.C29, dated the 26th Januar 1933, and to say that normally final payment is not made until the works has been inspected after completion and approved by the Consulting Engineer to the Government of India (Roads). As, however, there is no immediate prospect of that officer being able to inspect the completed work, I am to request that the Government of Mysore may be asked (a) to state whether the bridge was subject to any road test on completion, and, if so, with what results, and (b) to furnish a certificate to the effect that the work has been satisfactorily completed.

Subject:- Construction of a bridge across the Kabbini river near T.Narasipur.

Sir,

With reference to your letter No.L.8583 dated 16th May 1937 re the certificate required to be furnished to the Government of India in connection with the above work, I have the honour to state that the Superintending Engineer, Mysore Circle, has reported that no load test was c er the completion of the bridge; but that from the time the bridge was opened for traffic by Sir Frank Noyce in November 1935. Steam Road Rollers of 8 to 12 tons have been allowed over the bridge quite often and heavily loaded buses and country carts are plying every day. The bridge has stood this heavy traffic quite satisfactorily for the last 18 months.

I have the honour to be,

Sir,

Your most obedient servant,

Ag. Chief Engineer of Mysore.

Sir,

Grant from the Reserve in the Road Fund for the construction of a bridge across the Kabini river in Mysore.

In continuation of letter No. Pol.161 dated the 29th July 1937, I am directed to state that the Chief Engineer of Mysore has reported that no special load test was conducted after the completion of the bridge, but that from the time the bridge was opened for traffic by Sir Frank Noyce in November 1935, steam road rollers of 8 to 12 tons have been allowed over the bridge quite often and heavily-loaded buses and country carts are plying every day and the bridge has stood this heavy traffic quite satisfactorily for the last 18 months. A separate certificate furnished by ~~him~~ the C E to the effect that the work in question has been satisfactorily completed is also enclosed for favour of transmission to the Government of India.

I have the honour to be,
Sir,
Your most obedient servant

19/8/37
Secretary to Government,
L.S.G. Deptt.
